

Stand-alone or distributed processing:

Wang computers.

When you need the best of both worlds, it's time to consider Wang computers. Local operating managements get the data they need. Data processing management retains corporate control. Top management loves Wang's equipment and operating costs.

Use a Wang computer as a smart intelligent data entry terminal. Enter local data fast. Pre-process and error-check it. With present local staff.

Have the local file storage you need. With Wang cassette- or diskette-based units. Or fixed/

removable disks. Grow from one to the next as workloads grow.

Do headquarters and local work. Remote data entry. Complete order transactions. Invoicing. Sales analyses. The local site can handle many processing/utility jobs that overload high-cost time on the home office computer.

If the remote facility is big, add up to 3 Wang work stations. Run up to 4 different jobs simultaneously off the same disk. Add peripherals as needed. 35 to choose from.

Wang telecommunications

options send the data from field to headquarters. Both places work with timely, accurate information. Wang. The best of both worlds.

For more information, call us. Or write: Wang Laboratories, Inc., Dept. F676, 836 North Street, Tewksbury, MA. 01876, (617) 851-4111.
